Fork Upgrade Kit for 2002 to 2005 Glide Models

We now offer a kit that will upgrade the front fork system from the stock cartridge setup to newer style forks that are seen on the 2006 and 2007 glide models and the 2005 Road King. The kit features all stock Harley parts with the combination of Terrycable's patent pending dampening rod system. Part numbers for both the stock Harley parts and the dampening rods are listed below.

<u>Part Number:</u>	<u>Description:</u>	<u>Qty Needed:</u>	<u>Retail Price:</u>
45803-97*	Lower Stop	1	\$8.50
45859-77A*	Piston Ring, Damper	2	\$2.00
